1. About Institute

The institute was established in 2006 under the auspices of Shree Saraswati Education Sansthan. The institute is situated in a green environment at Dhanap, 10 Kms away from Gandhinagar, a capital city of Gujarat. SIPS aspires to be a premier pharmacy institute, providing holistic academic standards which are relevant to the needs of the industry and the nation without compromising on ethical and moral standards.

Affiliation: Saraswati Institute of Pharmaceutical Sciences is approved by All India Council for Technical Education (AICTE), New Delhi; Pharmacy Council of India, New Delhi and affiliated to the Gujarat Technological University, Ahmedabad

2. Vision-Mission

VISION

Our institute is committed to providing quality education and training by creative faculty resources with excellent infrastructure facilities.

MISSION

To become a premier center of academic and technological excellence in pharmaceutical education and research.

PROGRAMME EDUCATIONAL OBJECTIVES (B.PHARM)

1. To generate knowledgeable & competent pharmacy professionals by providing quality education and research opportunities.
2. To develop skilled pharmacy professionals by training in hospitals and industries.
3. To encourage the students to participate in life-long learning process.
4. To promote teaching - learning practices through effective monitoring by creative faculty resources.
5. To inculcate leadership and entrepreneurship capabilities in future pharmacist.
6. To train students to contribute towards healthcare system.

Dr. Deepak Gondaliya, M. Pharm. Ph.D.

President - International Manufacturing & R&D,
Emcure Pharmaceuticals Limited,
Gujarat.

“RESEARCH IS TO THINK WHAT NOBODY ELSE HAS THOUGHT.”

Congratulations on selecting to be a pharmacist!

It gives me immense pleasure in cultivating and nurturing the scientists to work in a caring industry, i.e., Pharmaceutical Industry.

This international model of the institute in collaboration with the industry is well known and acknowledged by western countries. When we were given the opportunity to collaborate with the institute, we had no second thought. We straight away had a positive impact on our employees and the upcoming student scientists from the college.

I always encourage and thrive to serve the students, inspire them to dream differently at all times to bring world class, innovative, research-based products and contemporary solutions to the mankind.

Your journey of becoming a well-known scientist will depend on the pathway you chose to shape up your career.

Wishing you all success and for your bright future!

3.3: Alumni:

Mr. Panchal Pratikkumar Maheshkumar

B. Pharm - 2010 Pass out Batch

Executive,

Regulatory Affairs, Amneal Pharmaceuticals Pvt. Ltd. Ahmedabad

I am glad to have an opportunity to share a message for this amazing SIPS Magazine "Avalokan". SIPS has played an important role to build my professional career and also been a very important part of my life. I was the first student of bachelor as well as master studies of this institution of applied Pharmaceuticals Sciences. The memories we have cherished here will remain live forever. I joined in 2006 and it was starting phase too for this institute. Despite of being new in academics, this institute has been providing pioneer facilities of Pharmaceutical Education. The state of art infrastructure, well equipped laboratories, upgraded computer laboratory and highly qualified faculties are self-explanatory about institute's vision and mission. Apart from academics SIPS has always been focusing on extracurricular activities. We have witnessed of part of various events like sports, days celebrations, blood donation campaign, industrial visits, picnics, annual day, Navratri Function, National Level Seminars, Conferences, IPC Visits and many more. Recently I got an opportunity to be a part of SIPS Alumni Association. I am thankful to Dr. Ankit Chaudhary Sir for providing me this opportunity.

I will do my best to reunite of all our Alumni members and successful execution of upcoming Alumni Events.

My good wishes are always there for this institute to become an important role player in developing career of Pharmacy Students.

4. Kite Decoration Competition

Date of Event: 15/01/2021

Kite decoration competition was held on the occasion of Makar Sankranti. Institute had organized this event to encourage students. Students can show their inherent capability by this type of event. Total 05 students participated in kite decoration competition.

Detail of winners

3	Best Mentor	Ms. Jigna T. Patel
4	Best Performer (Male)	Mr. Sohansinh Vaghela
5	Best Performer (Female)	Ms. Bhoomi D. Patel

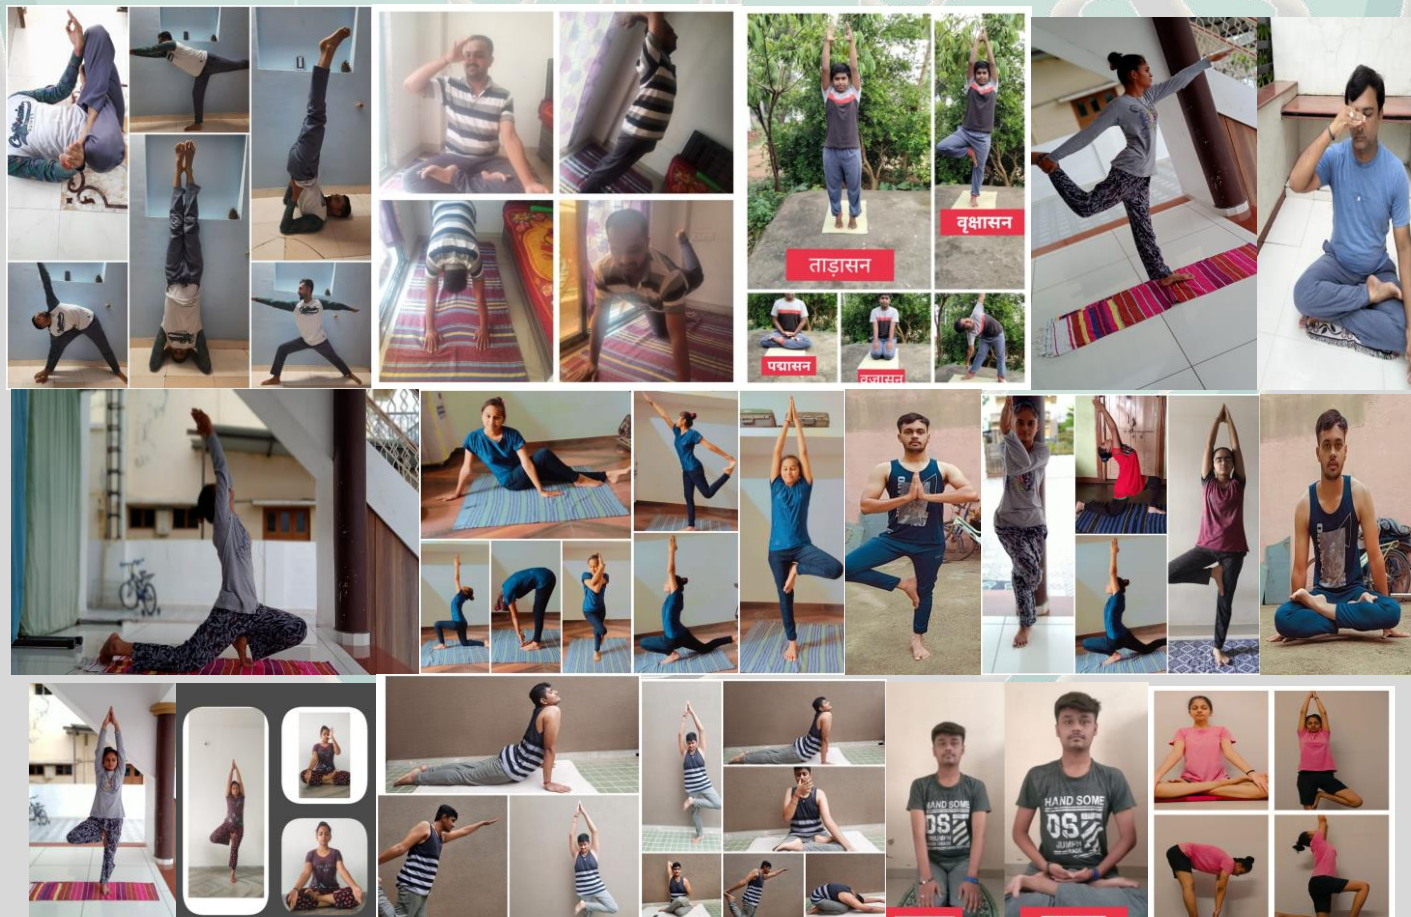

17. International Day of Yoga - 2021

Date of event: 21.06.2021

Time of event: 08:30 am to 09:30 am

Participant: 25

Online International Day of Yoga - 2021 organized by Saraswati Institute of Pharmaceutical Sciences, Dhanap, Gandhinagar. During this Corona, an online program held with the noble intention of keeping all students and teachers in good physical and mental health and safe at home, in which everyone actively participated. Total 25 students and faculty participated in this program. All participants shared their photos with the hashtags #yogaatsips and #DoYogaBeatCorona on Facebook or Instagram. This type of event improves health among the students and teachers during the period of COVID-19 and boosts the immune system in the individual, so it was a very fruitful activity done by the organization and all the students and teachers, Enjoyed with pleasure.

18. Fire Safety Training Programme

Fire safety training program for technicians, Store keeper, administrative staff, librarian and peons was well organized by Saraswati Institute of Pharmaceutical Sciences on **25th June 2021** at **3:00 pm**. Mr. Sandip N. Badeliya, Associate Professor, SIPS, Dhanap, has given a lucrative talk on the valuable theme. All the attendees have grabbed an invaluable expertise on the entire discussion.

The elements of the session have been mentioned below:

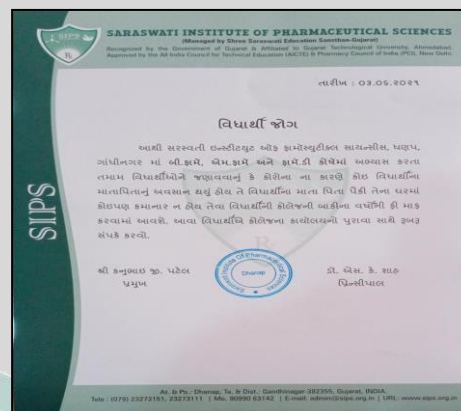

All the attendee has been accorded a beneficial knowledge on the arising of fire. How deportation of oxygen can eliminate the fire was well discussed by explaining the practical of candle covered with transparent glass. They have been awarded a helpful guidance regarding the water and sand that can abolish the fire. Attendees were granted the benign advice on various fire extinguishers that available in the institute. They have further directed that some of them were dry CO₂ powder fire extinguisher whereas the others were containing water. They have given well intelligence about the operation of them with their regular maintenance. They have been given a well explanation about role of pressure gauge in the extinguisher. Attendees have been informed about the fire safety alarm installed in SIPS. How the system gives alarm in presence of fire and smoke was well instructed. Discussion regarding regular working of that system, changes when fire takes place and alarm, regular maintenance was well reported to all.

Attendees have been delivered worthwhile instructions on the use of firefighting water pipe to eradicate the fire. The entire session on the emblem, “Fire safety training program” was completed in a well manner. All the attendees have actively engaged in this advantageous training. They found the session was productive and beneficial in the current situation of our routine life as well as for the future. They were pleased regarding this talk and gave their valuable feedback orally.

19. Noble Work During COVID-19 Pandemic

1. Our President **Shri. K. G. Patel** sir announce fees relaxation to all students studying in B.Pharm, M.Pharm and Pharm.D at Saraswati Institute of Pharmaceutical Sciences for the students those parents lost their life due to corona. The parents should only be the earner of the family. This kind of student did not require to pay any fees for his/her remaining course.

2. **Dr. S. K. Shah** sir helped many patients to get injection of Remdesivir, Tocilizumab and Amphotericin B by his contacts. He with his friends also helped financially to many needy people to the possible extent.

3. **Mr. Kishan Prajapati**, student of B.Pharm 1st Semester distributed mask and sanitizer to his village and spread awareness about novel corona virus disease.

4. **Dr. Ankit Chaudhary** helps to financially poor families to get Ramdesivir injections through AMC at Kothari Hospital, Sahibaug. He also helps to some families for getting Oxygen and Bad during 2nd wave of corona.

5. **Dr. Ankit Chaudhary** participated in the event of Grocery distribution to Kubernagar trust through Achiever's Education (A. E.) helping hand foundation. The grocery was used to prepare tiffin for approx. 4000 corona affected families. Dr. Ankit has also donated some amount for this activity.

6. Dr. Ankit Chaudhary has participated in the event of grocery distribution to Pirana Trust through A. E. helping hand foundation. The grocery was used to prepare tiffin for relative of patients. The patients were admitted in the Sola Civil hospital.

7 . Dr. Ankit Chaudhary has participated in the activity of lunch (Moong Subji and Soji Shiro) distribution through A. E. helping hand foundation. The lunch was distributed to the tauktae cyclone affected areas.

8. Dr. Ankit Chaudhary has helped to provide Masks, Sanitizers, Temperature Guns, Hand gloves and Oxymeters to Volunteers of ABVP for Gram Sanjivani Abhiyan. He also participated for one day in Gram Sanjivani Abhiyan with ABVP Student volunteers at Ambapur Village. The motive of the Gram Sanjivani Abhivan was to do screening of people as well as to spread awareness about corona at the villages of all over India.

9. Dr. Kaushik B. Kanada Served food to 3 families for 10 days during corona pandemic. He also helped patient to get injections, medicines and oxygen during second wave of corona.

10. Mr. Vaibhav Jodhani, Student of B.Pharm 6th Semester served as volunteer in COVID care Kothiya hospital for 2 month and actively participated as volunteer for COVISHIELD vaccine distribution of Adani foundation to remote area of south Indian states.

20.1: Guest Lecture/Webinar

Name of Speaker	Dr. Jagrutiben Patel Associate Professor, M. G. Science College, Ahmedabad.
Topic	Women Empowerment
Date	12 th February, 2021
Time	11:00 am to 12:30 pm
No. of Attendee	120

A motivational talk on “Women Empowerment” was arranged on 12th February, 2021. More than 200 students from B.Pharm and Pharm.D. students were participated in the programme. 120 students joined via online link of ZOOM APP and 100 students were attended at Seminal Hall of the institute followed by the government guideline (Social distancing, wearing mass, etc.).

Very inspiring online talk was given by Dr. Jagrutiben Patel, Associate Professor of M. G. Science College, Ahmedabad.

‘Nari Shakti’ is an integral part of society. Women are very important in home, society and life. Every woman is to be seen experiencing her own values, self-esteem and a powerful place in society. She explained to the students with an example to maintain the respect of parents and elders.

She also informed the girls about their education and safety. She discussed about “NARI SHAKTI” and “MA DIKRI SAMMELAN”, the role of girls to make the parents, society and nation to be proud. Through her words she became a source of inspiration for the students.

20.2: Guest Lecture/Webinar

Name of Speaker	Dr. Praful D. Bharadia, Professor, L.M. Collage of Pharmacy. Hon. Secretary and IPA-Gujarat State.
Topic	Challenges in Parenteral Processing: Bridging the Gap
Date	06 th May, 2021
Time	2:30 pm to 4:30 pm
No. of Attendee	170

A Webinar on “Challenges in Parenteral Processing: Bridging the Gap” was arranged on 06th May, 2021.

Very useful talk was given by Dr. Praful D. Bharadia, Professor, L.M. Collage of Pharmacy, Hon. Secretary and IPA-Gujarat State. He explained very well about Challenges in Parenteral Processing: Bridging the Gap.

He explained about various parenteral systems, Benefits Limitations of Parenteral System, Suitable Drug Characteristic and various Route of Administration. He enlightens opportunities in manufacturing in various industries.

Sir Discussed Various Operation of Parenteral like SIP, CIP, Clean room area, Filtration, Sterilization Aseptic Filling and Packing. He also explained Various Sterility Process its Uses and need. Webinar Was Very Useful to Student to understand various Challenges of Parenteral Processing.

The top screenshot displays a Zoom webinar in progress. The main window shows a presentation slide titled "Overview components" with a flowchart illustrating the parenteral processing steps: Exhaust air filter, Filter rate controller, Fan, Humidifier, Control chamber, Heater, Production Room, and Sterile filter. The bottom screenshot shows a Zoom webinar in progress. The main window shows a presentation slide titled "Why parenterals?" with a bulleted list: Benefits of parenteral systems, Limitations of parenteral systems, Suitable drug characteristics, and Routes of Administration. Both screenshots show the Zoom interface with participants and a chat window.

20.3: Guest Lecture/Webinar

NAME OF SPEAKER	Dr. Vikas R. Chandrakar Associate Professor & In-Charge DIC, Department of Pharmacy Practice, Sumandeep Vidyapeeth Deemed University, Piparia Vadodara, Gujarat, India
Topic	Clinical Research: Role and Scope of Pharm.D Graduates
Date	31 st May, 2021
Time	2:45 pm - 4:15 pm
No. of Attendee	92

Very useful talk was given by Dr. Vikas R. Chandrakar, Associate Professor & In-Charge DIC Department of Pharmacy Practice, Department of Pharmacy, Sumandeep Vidyapeeth Deemed University, Piparia Vadodara, Gujarat, India. He explained very well about Clinical Research.

He explained about various Requirements to Become Clinical Research (CR) Professionals, Various activity in CR & CR Career Pathway. He enlightens opportunities of PharmD Graduates in Pharmacovigilance, CRO & SMO in various industries.

He also explained Various Career opportunities in Data Management. Webinar Was Very Useful to Student to understand various opportunities.

The screenshot displays a Zoom webinar session. On the left, a video feed shows Dr. Vikas R. Chandrakar, the speaker. The main screen shows a presentation slide titled "Career in CROs/Pharma/Biotech Companies" with a list of roles and responsibilities. To the right, a grid of participants is visible, including Dr. Ankit Chaudhary, Sarawati Institute, Dr. Madhuri pande, Dr. Jinal Chaudhary, Dr. Vikas R. Chaudhary, and Dipal Patel.

Career in CROs/Pharma/Biotech Companies

- Clinical Trial Assistant (CTA)
- Clinical Research Associate (CRA)
- Senior CRA
- Clinical Team Leader
- Project Manager
- Senior Project Manager
- Manager Medical & Regulatory
- Manager - Safety / Patients
- Manager Quality Assurance
- Medical Director
- Associate Director - Clinical
- Associate Director - Projects
- Director -Business Development
- Director / Head (Clinical Operations)
- General Manager / CEO / President
- Phase I/II/III/IV Trial
- Project Management
- Drug Development Planning
- Monitoring
- Source Data Verification
- Safety Reporting
- Regulatory Approval
- QA/Audits
- Business Development

Drug Discovery Development & Duration

The diagram illustrates the drug discovery process over time (Years) and the number of compounds screened. It shows the progression from Discovery (0-10 Years) through Phase I, Phase II, Phase III, and FDA Review/Approval. The number of compounds screened decreases significantly at each stage: 5,000-10,000 in Discovery, 100-200 in Phase I, 10-20 in Phase II, and 1 in Phase III. The final stage is FDA Review/Approval, leading to Additional Post-marketing Testing.
